Please call owner Rick at 602-708-6630.

Boat is in Cave Creek, Arizona.

1999 Magic Power Boat 34 foot Sorcerer with Open Bow and mid-cabin. Boat shows the original hours from new. I purchased the boat new in June of 2000. It has always been stored inside and is in excellent condition. I just had both engines and drives gone through from top to bottom at a cost of just under \$10k. I also placed six brand new tires on the trailer and had it gone thru as well. The trailer has TWO spare tires, which I had added to the trailer. Boat has an upgraded stereo system. It has snap on covers for the cockpit and the open bow as well as a cover for the entire boat. This boat has been meticulously maintained. The engines are Mercury 502 with 435hp each. These motors are good as new. The outdrives are good as new. The props are good as new. There are matching dock ropes as well as a nice box anchor with additional rope. There is a nice color matching Bimini top that will cover the cockpit and was built for high speed up to 75 mph.
