This beautiful 33' sloop is designed by Al Mason and built to the exact standards of excellence as renowned Mason 44 and 54. An emphasis has been placed on performance, sea-going comfort and security. The yacht's interior lends itself to serious offshore cruising but also offers the open spacious accommodations required by live-aboard owners.

This is one of the Two Fresh water Mason 33. This boat has a Monitor Wind vane for the serious offshore sailor. "Temptress" has always been here in the Great Lakes. She will survey with little or nothing to write up as she has also been in storage several years. This can also be a great day sailor.
