Electric windlass

Overview

The Sea Ray 35/37 Sundancer is one stylish sport yacht. Its design evolution is the result of listening to sport yacht owners, then incorporating their ideas into the 35/37 Sundancer. The 37 Sundancer presents a sleek deck with extensive use of stainless steel in all external fittings, including the bow rail and deck runners. Powered by twin 7.4L, 380 hp - 283-KW inboards, the Sea Ray 35/37 Sundancer extends trips with its 300-gallon fuel capacity. Adjustable double helm and companion seats face a burl instrument panel. Standard Raytheon electronics package includes GPS, VHF, and Raydata multifunction instrument with depth finder, speed - sumlog, and water temperature. The curved tri-section tinted glass windshield with electric front vent allows better viewing and increased air flow. The fiberglass sport spoiler provides room for mounting electronic equipment. A refreshment center with wet bar, sink, cooler, and icemaker is conveniently located in the cockpit beside the aft-facing portside cockpit seat. To starboard, the aft bench seating with hi - lo table can be converted to a sunpad. Swimmers and divers can come aboard easily thanks to the fold-down stainless steel swim ladder. A hot and cold transom shower is conveniently located at the wide swim platform. Integral fender storage keeps the transom area tidy. The standard Lofrans Progress I rope - chain windlass with foot switches provides easy anchoring. In the salon, a granite-look fiberglass table converts the sofa to a dining area. Passengers may relax on the sofa and enjoy the entertainment center with TV - VCR combo and AM - FM digital cassette stereo with six-disc CD changer, amplifier, subwoofer with eight speakers, and cockpit remote. The sofa converts to a double berth that sleeps two adults. In the master stateroom, a full-size pedestal bed provides room for two adults to stretch out. There's a vanity with upholstered settee, two hanging lockers with mirrored doors, and a screened hatch to admit natural light and ventilation. The stateroom has its own private TV - VCR combination. Close the circular pocket door and the starboard sitting room converts to an intimate private stateroom with full-size bed. A hanging locker stores clothing. The galley features an upright 6.3-cubic-foot refrigerator - freezer for easy access and plenty of room for perishables. A three-burner electric stove, microwave, countertop blender, and coffeemaker add to your ease and convenience. The head compartment features a vanity with sink and storage, electric toilet, mirrored medicine cabinet, and a fully lined fiberglass shower compartment with bifold door.
