TOHATSU (By Number of Units Produced) is the Biggest Outboard Manufacturer in the World

Tohatsu 4-stroke 40HP benefits:

Designed with proven technology

Advanced EFI System to minimise fuel burn

Canister style oil filter for easy replacement

Ultra lightweight design (Manual 95kg dry)

Built-in diagnostics and service indicator via tachometer

Sleek Sporty Cowl Design for pleasant and effective induction noise

7 Year limited warranty

High performance and easy operation:

Electronic fuel injection

Digital CD ignition system for quicker starts

High output 21 amp alternator

New and improved gear case with lower gear ratio for increased low end torque

Adjustable steering friction and trim tab for reducing steering effort

Power trim & tilt

Fundamentals for user convenience and reliability:

Through the prop exhaust for a quieter ride

Built-in freshwater flushing system for easy routine flushing

Variable idling speed control from 650 to 950 rpm's

A camshaft-driven trochoid oil pump ensures long-term durability of critical engine components

Stainless steel water pump housing liner for outstanding durability

Warning and protection:

Low oil pressure warning (visual and audible)

Overheat warning (visual and audible)

Battery voltage warning (visual only)

Start-in-gear protection for safer engine starting

Safety lanyard (an essential protection feature standard on all Tohatsu outboards)

Over-rev. limiter
